

Zachery Barcoe

JUNIOR WEB DEVELOPER

✉ z.barcoe@gmail.com

📍 Leeds

☎ 07498653464

Profile

I'm a computer science undergraduate currently studying at Leeds Beckett University; A self taught armature network engineer working towards my CCNA; And a Driven Font-end Developer specializing in React and NodeJS.

I recently started diving deeper into web development, exploring the newer technologies in the space such as Next.js and TypeScript; In tandem with my Team project module at university developing a full stack application from ground up, using agile work flows and working with continuous client feedback.

Education

Undergraduate, Leeds Beckett University, Leeds

September 2018 — Present

A Levels, St. Nicholas Sixth form

September 2016 — September 2018
